

LINE HAUL APPLICATIONS

# THE MICHELIN® X® LINE ENERGY D + TIRE

Our most fuel efficient<sup>(1)</sup> dual drive tire for the long haul. With the lowest rolling resistance among comparable tires,<sup>(2)</sup> the MICHELIN® X® LINE ENERGY D + tire delivers fuel savings while providing exceptional traction for driver confidence.

**7** Year

7 YEAR 700,000-MILE  
3-RETREAD LIMITED WARRANTY

7/7/3 Manufacturer's Limited Casing Warranty: 7 Year or 700,000 Mile or 3-Retread Limited Warranty for MICHELIN® X® LINE ENERGY D + tire when retreaded by an authorized Michelin Retread Technologies (MRT) Dealer only. See limited warranty for details.

- (1) Based on internal rolling resistance tests using ISO 28580 test method in tire size 275/80R22.5 LRG dual drive tire vs. the MICHELIN® XDA® ENERGY + tire. Actual on-road fuel saving results may vary, and may be impacted by many factors, to include road conditions, weather, environment, combination of steer and trailer tires used, driving habits, tire size, equipment and maintenance.
- (2) Based on internal rolling resistance tests using ISO 28580 test method in tire size 275/80R22.5 LRG dual drive tire vs. the Bridgestone M710 Ecopia tire, Goodyear Fuel Max LHD G505D tire and Continental HDL2 tire in equivalent 295/75R22.5 LRG dimension. Actual on-road fuel saving results may vary, and may be impacted by many factors, to include road conditions, weather, environment, combination of steer and trailer tires used, driving habits, tire size, equipment and maintenance.

# THE MICHELIN® X® LINE ENERGY D + TIRE

## EXCEPTIONAL FUEL SAVINGS WITH LONG LASTING TRACTION

### FUEL SAVINGS

- Save \$725 in Annual Fuel Savings with the MICHELIN® X® LINE ENERGY D + tire versus the Bridgestone M710 Ecopia tire in the drive position<sup>(1)</sup>
- Ultra-low rolling resistance<sup>(2)</sup>
- Meets SmartWay®<sup>(3)</sup> requirements, CARB compliant
- Greenhouse Gas 2 Compliant

Advanced Technology tread compound designed for fuel efficiency<sup>(1)</sup>

Infini-Coil® for durable casing and consistent tread footprint for even wear

### LONG-LASTING TRACTION

- Gets up and running 35% faster than a leading competitive tire<sup>(4)</sup>
- Interlocking siping and regenerating features provide biting edges throughout tread life

### RETREADABILITY

- Infini-Coil® technology wraps 1/8 mile of steel cable around the casing to eliminate casing growth and insure a consistent footprint
- Durable casing with high tensile strength steel belts supports repeated retreading

Regenerating features provide grip throughout tread life

SmartWay® Verified

(1) Fuel savings calculated based on replacing the Bridgestone M710 Ecopia with the MICHELIN® X® LINE ENERGY D + in (8) drive tire positions on a class 8 tandem-drive axle truck. Calculations also based on the U.S. National average diesel fuel price as of August 26, 2019 of \$2.98 per gallon, for a class 8 tandem-drive axle truck and single tandem axle trailer combination travelling 100,000 miles/year, with a total vehicle weight of 80,000 lbs. Actual results may vary, and may be impacted by many factors, to include road conditions, weather, environment, combination of steer and trailer tires used, driving habits, tire size, equipment and maintenance. Rolling resistance results based on internal ISO 28580 tests.

(2) Based on internal ISO 28580 rolling resistance testing using size 275/80R22.5 LRG.

(3) SmartWay® application pending.

(4) In a standardized starting snow test when tires are new, the 275/80R22.5 MICHELIN® X® LINE ENERGY D + tire traveled 35% faster than the 295/75R22.5 Bridgestone M710 Ecopia tire, which are equivalent sizes. Actual on-road results may vary.

(\*) Exceeding the lawful speed limit is neither recommended nor endorsed.

(‡) Overall width will change 0.1 inch (2.5 mm) for each 1/4 inch change in wheel width. Minimum dual spacing should be adjusted accordingly.

MICHELIN® tires and tubes are subject to a continuous development program. Michelin North America, Inc. reserves the right to change product specifications at any time without notice or obligations. Please consult wheel manufacturer's load and inflation limits. Never exceed wheel manufacturer's limits without permission of component manufacturer.
