

**MICHELIN[®] EARTHMOVER,
OFF-THE-ROAD, AND INDUSTRIAL TIRES
*LIMITED WARRANTY***

► MICHELIN® EARTHMOVER, OFF-THE-ROAD, AND INDUSTRIAL TIRES LIMITED WARRANTY

WHO IS COVERED

The original purchaser of new MICHELIN® Earthmover, Off-The-Road, or Industrial tires bearing a Michelin serial number and purchased on or after June 1, 1999, is covered by the terms and conditions of this limited warranty.

WHAT IS COVERED AND FOR HOW LONG

MICHELIN® Earthmover, Off-The-Road, and Industrial tires used in normal service on the vehicle on which they were originally fitted and in accordance with the data book and maintenance guide are covered against defects in workmanship and materials for the life of the original usable tread or 5 years from date of purchase, whichever comes first. At that time, all warranties, express or implied, are terminated. The life of the original usable tread is the original tread down to the level of (3 mm) 4/32nds of tread remaining. Date of purchase is documented by new equipment sales invoice or by new tire sales invoice. If proof of purchase cannot be documented, the age of the tire and replacement eligibility will be determined at the sole discretion of the Michelin Sales Representative inspecting the tire in question. For this reason, it is very important that you retain your proof of purchase documentation. Replacement charge (if any) will be made based on the condition of the tire, as assessed by the Michelin Sales Representative inspecting the tire in question.

WHAT IS NOT COVERED

Tires which become unserviceable due to:

- Impact damage, cuts, snags, machine damage, machine accident/collision, fire, mis-mounting, chemical corrosion, lightning or contact with electrical power lines, underinflation, overinflation, overload, misapplication, misuse, neglect, operation at excessive speed, rim or chain damage, and/or mechanical condition of the vehicle;

WHAT IS NOT COVERED (con't.)

- Operation in excess of the tire rated Ton-Mile-Per Hour (TMPH) or Tonne-Kilometre-Per-Hour (TKPH) factor AND/OR tires operated in excess of the tire rated maximum distance allowed in one hour. These values for TMPH and TKPH and formulas for the use of these values are published in the data book and maintenance guide;
- Loss of time, inconvenience, loss of use of vehicle, or consequential damage;
- Tires used with improper tubes or o-rings;
- Tires over 5 years old, based on new vehicle sales invoice, new tire sales invoice or determination by a Michelin Sales Representative;
- The addition of tire fillers, sealants, balancing substances, ballast, etc.;
- Ozone or weather cracking.

HOW REPLACEMENT CHARGES FOR WARRANTY CLAIMS ARE DETERMINED

Any MICHELIN® Earthmover, Off-The-Road, or Industrial tire covered by this limited warranty that becomes unserviceable due to a workmanship or materials condition, within the time and tread depth limits indicated above, will be replaced with a comparable new MICHELIN Earthmover, Off-The-Road, or Industrial tire at the sole discretion of the Michelin Sales Representative inspecting the tire. The replacement charge will be determined using such factors as the age of the tire, how long it has been in service, and the nature of the application in which the tire was being used. (See “What Is Covered and For How Long.”)

WHAT THE OWNER MUST DO

When making a claim under the terms and conditions of this limited warranty, the owner must present the tire and documentation showing date of purchase to the appropriate Michelin Sales Representative. Personal identification may be required and the vehicle on which the tire(s) was/were mounted must be available for inspection.

▶ MICHELIN® EARTHMOVER, OFF-THE-ROAD, AND INDUSTRIAL TIRES LIMITED WARRANTY

ONLY CLAIMS SUBMITTED ON THE CURRENT MICHELIN® EARTHMOVER/OFF-THE-ROAD/INDUSTRIAL TIRE WARRANTY CLAIM FORM, PROPERLY EXECUTED AND SIGNED BY THE APPROPRIATE MICHELIN SALES REPRESENTATIVE, AND SIGNED BY THE OWNER, WILL BE RECOGNIZED AS VALID.

 **WARNING:** DISREGARDING ANY OF THE SAFETY PRECAUTIONS AND INSTRUCTIONS CONTAINED IN THE DATA BOOK OR MAINTENANCE GUIDE MAY RESULT IN TIRE FAILURE OR EXPLOSION CAUSING SERIOUS PERSONAL INJURY OR DEATH.
