## JACQUES MORELLI,

(WRC Programme Manager,  
Michelin Motorsport)

"Rally Sweden is a highly specific event where the drivers reach average speeds in excess of 130kph on icy forest tracks. Each Michelin X-Ice North 3 is equipped with 384 studs. They provide incredible grip despite the wintry conditions found at this time of year in the

Värmland and Finnskogen regions. For 25 years, Michelin has worked with its Swedish specialist partner Däckproffsen to develop increasingly competitive tyres and we are currently working on our tyres for 2019. I think we will see a fierce fight in WRC2 in which three different tyre firms are involved this season."

## MICHELIN'S TYRES FOR THE 2018 RALLY SWEDEN

### X-ICE NORTH 3 384 STUDS PER TYRE

- ✓ THE MAXIMUM STUD LENGTH IS 2CM (MAXIMUM WEIGHT: 4G)
- ✓ TOTAL ALLOCATION FOR WRC DRIVERS, NOT INCLUDING SHAKEDOWN (4) IS 24 TYRES (WRC2: 22)
- ✓ THE STUDS FOR MICHELIN'S RALLY SWEDEN TYRES ARE INSERTED BY THE SWEDISH SPECIALIST DÄCKPROFFSEN.
- ✓ STUD LOSS AND BREAKAGE HAVE BEEN REDUCED BY A FACTOR OF 10 IN THE LAST 10 YEARS

## MICHELIN AND RALLY SWEDEN

Rally Sweden is the WRC round that Michelin has won the most often: **27 WINS** since 1973

Even so, Michelin runners only won two stages in 1973 and 1983!

Studded tyres were prohibited for the 1973 Rally Sweden

In 2008, new regulations dictated the use of wider tyres for Rally Sweden (15x65-15 instead of 10/65-16)

Michelin has won Rally Sweden with Saab, Audi, Peugeot, Mazda, Lancia, Mitsubishi, Toyota, Citroën, Ford and VW

Michelin has claimed **13** 1-2-3 finishes in Sweden since 1973

## 2018 FORMAT

23.9% of the stage distance is new

Competitive action in Sweden's Värmland region and Norway's Finnskogen region

The service park is in Torsby (100km, north of Karlstad)

The Torsby, Rojden and Hagfors stages have been modified

Torntorp (19.88km) is new

Hof-Finnskog and Svullrya (Norway) are identical to 2017

The menu naturally includes the famous Colin's Crest jump (Vargasen)

As in 2017, the Power Stage ends next to the service park

## RALLY SWEDEN TRIVIA

Only 13 non-Swedes and two non-Scandinavians (Loeb and Ogier) have won Rally Sweden since 1950!

Sweden's Stig Blomqvist has posted the highest number of Rally Sweden victories (7), podium finishes (16), starts (35) and stage wins (131)

The speed limit for recce is 70kph, yet the fastest drivers exceed 180kph in places on the event itself, despite the ice

The 2017 Rally Sweden was the fastest in history (winner's average speed: 115.40kph)

Norway's Eyvind Brynildsen holds the record for the longest leap over Colin's Crest (45 metres)

Rally Sweden has twice been cancelled: in 1974 (oil crisis) and 1990 (no snow)

Rally Sweden originally took place in summer and was known as the Rally to the Midnight Sun

## RALLY SWEDEN INFORMATION

The service park in Torsby is located next to a sports complex which includes a 1.3km temperature-controlled tunnel that enables 'cross-country' skiing in summer!

The WRC's first Drivers' champion was Swede Bjorn Waldegard

10 drivers from Sweden have won 43 WRC rallies, making it the 3rd most successful nation

The 2018 Rally Sweden coincides with the Winter Olympics in Pyeongchang, South Korea
