Subject: SAFETY RECALL NOTICE

Dear MICHELIN® Tire Owner,

This notice is sent to you in accordance with the requirements of the Canadian Motor Vehicle Safety Act.

Michelin North America (Canada) Inc. has decided that a defect which relates to motor vehicle safety exists in certain MICHELIN® LTX M/S2, MICHELIN® X Radial LT2 and MICHELIN® Latitude Tour replacement tires and they are included in a safety recall.

These tires are typically found on vehicles such as light trucks and SUVs.

These recalled tires could have partial or full sidewall perforations that could cause them to experience loss of air pressure. This condition may increase the risk of tire failure and a vehicle crash.

You are receiving this letter because our records indicate that you may have purchased one or more of the recalled tires.

The following list provides the product descriptions, DOT (Department of Transportation) sequence identifiers and DOT production periods of the manufacturing populations which contain the recalled tires. For example, "4305" refers to the 43rd week of the year 2005.
